

Political Parties Flashcards

Part of the AP U.S. Government collection

Overview

This resource contains a collection of 32 flashcards that will help students master key Political Party concepts that may be covered on the AP U.S. Government exam.

These are not actual test questions, nor do they involve much “application” of knowledge. Instead, they focus on the basic factual and conceptual knowledge that students must first internalize if they are to successfully formulate logical responses to multiple-choice or essay questions on the eventual exam.

Brainscape has created this content in partnership with several AP U.S. Government teachers and tutors, as well as ex-executives from test prep publishers such as Kaplan and The Princeton Review. The material is as comprehensive as possible, while still being broken down into small bite-sized chunks that make it easy to study. We have included a variety of question formats to help students’ minds encode the knowledge as deeply as possible.

How to Use This Resource

Teachers and students can use these flashcards in a variety of creative ways. Below are a few common use cases:

1. Post this PDF on your class website, so students can download it on their own, and potentially print their own copy as a study aid (and even *cut out* individual flashcards)
2. Use these questions as inspiration for your own quiz questions
3. Use these flashcards as a “game”, where one student (or group of students) asks another student (or group) a random question, and keeps score of how well the questions are being answered
4. Encourage students to use the digital version of the flashcards (see below)

Online and Mobile Version

All of these flashcards are available to study on the Brainscape website (brainscape.com) and in our mobile app(s).
